SKILLS

Agile/Scrum
Azure DevOps   Backend
Adobe Analytics   CI/CD
CSS   Cucumber
Debugging   Express
Formik   Frontend
Git/Github   HTML
Integration Testing
JavaScript   Jest
Test Driven Development
Node   Playwright
React   React Final Forms
React Hooks   MongoDB
React testing library
Redux   RESTful API
Selenium   TypeScript
Unit Testing

EDUCATION

Advanced software Development
Luminus Technical University College
11/2019 - 04/2020

Courses
- Certified full stack developer (900 hours - 8 months)

BACHELOR DEGREE
Tafila Technical University
09/2011 - 01/2016

Courses
- Civil Engineering

WORK EXPERIENCE

Software Engineer
Lloyds Banking Group
09/2022 - 01/2025   *Halifax, United Kingdom*
Achievements/Tasks
- Developed responsive and user-friendly interfaces using React, Redux, and TypeScript for financial applications used by brokers across the UK.
- Implemented complex form validation and state management using Formik and Redux, ensuring data integrity and a smooth user experience.
- Translated UI designs into functional components, collaborating closely with designers to bridge the gap between design and implementation.
- Resolved critical state synchronization issues between application pages, ensuring data consistency and accuracy throughout the user journey.
- Designed and implemented reusable components to accelerate development and maintain design consistency.
- Successfully delivered end-to-end features while navigating complex business logic and regulatory requirements in the financial services sector.
- Established comprehensive testing strategies with Jest and React Testing Library for unit tests, and Selenium/Playwright for integration testing.
- Contributed to continuous integration pipelines, ensuring code quality through automated testing.

Associate Product Developer
AND DIGITAL
03/2022 - 01/2025   *Halifax, United Kingdom*
Achievements/Tasks
- Developed the Health Check feature, enabling club executives to view health metrics for client engagements.
- Participated in Agile ceremonies and regularly demonstrated completed work to stakeholders.
- Proactively expanded technical capabilities by taking on challenging work outside my comfort zone.
- Had experience doing user researches as well as creating tailored documentation and presented it to stakeholders.

Junior Software Developer
Luminus Technical University College
05/2020 - 11/2020   *Amman, Jordan*
Achievements/Tasks
- Integrated Zoom APIs with the university's Content Management System, developing frontend components for data visualization
- Mentored students as a teaching assistant, helping them understand web development fundamentals
